SHON SIMHON

Graphic Designer | Junior UX/UI Designer

About Me

Graphic designer with a strong eye for color, typography, and detail, currently developing and specializing in UX/UI and digital products. I enjoy identifying problems, solving them, and integrating AI and vibe coding tools into my workflow.

Professional Experience 2025 - Today

Freelance Graphic Designer

Branding, visual identity, and design for digital and print across client projects. Developing concepts from understanding the need through to final execution.

Tal Hashmal | Part-time 2026 - Today

Managing orders and maintaining the company website. Integrating AI tools to streamline workflows and supporting the website migration to a new platform.

Makom Tov BaEmtza 2022 - 2024

Day-to-day management, operational responsibility, customer service, and team management.

Education 2023 - 2025

Studio 6B

Studies in Graphic Design and UX/UI, including branding, typography, digital design, and user experience.

Military Service 2018 - 2021

IDF | Company Sergeant Assistant

Responsible for discipline, coordinating soldiers, and maintaining order and organization.
